Dear Editors

Re: Liver function tests and NAFLD: Changes in Upper Normal Limits, Does It Really Matter?
Number ID: 04737603

This letter is to certify that I have performed the statistical analysis for the paper *Liver function tests and NAFLD: changes in upper normal limits, does it really matter?*

Being in clinical research for over 15 years, I have developed the necessary competences for carrying out statistical analysis at high standards, as required for the submission of this paper.

Please do not hesitate to get in contact should you require any further information.

Yours Faithfully

Dr Pinelopi Manousou
Consultant Hepatologist and Honorary Senior Lecturer
