[HTML] Blockade of immunosuppressive cytokines restores NK cell antiviral function in chronic hepatitis B virus infection

D Peppas, L Micco, A Javaid, PT Kennedy, A Schurich... - PLoS Pathog, 2010 - dx.plos.org  
... Restoration of NK cell IFN- $\gamma$  production upon blockade of immunosuppressive cytokines. ... Addition of anti-IL10/IL10-R blocking mAbs restored the ability of both CD56 bright and CD56 ... However, potent antiviral therapy was unable to significantly restore the capacity of NK cells to ...

### Basic Study

Immunological changes in different patient populations with chronic hepatitis  
C virus infection

Szere day L *et al.* Restored antiviral immune response in HCV

Laszlo Szere day, Matyas Meggyes, Melinda Halasz, Julia Szekeres-Bartho,  
Alajos Par, Gabriella Par

### Abstract

AIM: To better characterize the immune defects underlying chronic viral persistence we focus our analysis on natural kill (NK), NKT-like and CD8+ T cells.
