<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> Existed	<input type="checkbox"/> Major revision
		<input type="checkbox"/> No records	

COMMENTS TO AUTHORS

Abreviature should be introduced before it can be used (pag 2, IR) Pag 5. Explanation and exposition of figures are confusing , they should be showed in clearer way with the purpose of making reading comfortable. Method and materials chapter, in my opinion, is really very technically, it must be simplified to facilitate compression by physician without specific knowledge.
