[Hedgehog controls hepatic stellate cell fate by regulating metabolism.](#)

www.ncbi.nlm.nih.gov/pubmed/22885334

8 Aug 2012 ... Hedgehog controls **hepatic stellate cell** fate by **regulating** ... a disabling outcome of defective **liver** repair, involves deregulated ... Increased expression of genes that **regulate glycolysis** required Hh **signaling** and **involved** ...

[Hedgehog Controls Hepatic Stellate Cell Fate by Regulating ... - NCBI](#)

www.ncbi.nlm.nih.gov/pmc/articles/PMC3480563/

8 Aug 2012 ... Conclusions: Hedgehog **signaling** controls HSC fate by **regulating** metabolism. ... Like several of the key **cell** types **involved** in **liver** repair, HSC are Hh-responsive. ... 4-day cultures were treated with inhibitors of **glycolysis** (2-deoxy-**glucose**, ... and RTK-PI3K-AKT signals, and negative **regulation** of GLI1 by ...

[Hepatic Stellate Cells: Protean, Multifunctional, and Enigmatic Cells ...](#)

www.ncbi.nlm.nih.gov/pmc/articles/PMC2888531/

The paradigm in liver injury of activation of quiescent vitamin A-rich stellate ... The **hepatic stellate cell**, first described by Kupffer in the 19th century, has ... A range of staining techniques were subsequently **used** to characterize stellate cells, ... of cells has been characterized in **midgestation** of **embryonic liver** development ...

[Curcumin regulates cell fate and metabolism by inhibiting hedgehog ...](#)
