COMMENTS TO AUTHORS

This is a well written review. On an important topic. Minor comments 1. Please provide the full forms of the Abbreviations in Introduction, para 2, line 7. Similarly, TCF - the full form (on page 11) has been mentioned after the abbreviation has already been used previously 2. Please check the sentence in Introduction, para 2, line 9 where the '(' has been opened but not closed. 3. Please check the manuscript for typos, eg ';;', etc. Check page 10, line 2, 'with which' 4. Introduction, second last para, lines 1-3 please check the grammar 5. Page 9, last para - please check - b-catenin has been underlined 6. Please maintain uniformity with regards to PPAR-? - page 10, para 3, line 7 - the authors have used 'PPARG' 7. Manuscript needs minor editing for the English language generally. Some eg - 'worthy of note', 'deregulated', etc
