

Response to the reviewer's comments

First of all, we deeply appreciate your effort to carefully review our manuscript.

Reviewer 1 (No. 4525)

Comment: This review is well written.

Minor comments 1 : It's better to cite recently published paper about pancreatic cancer (Lancet 388(10039):78-85, 2016).

Response: I think this review article is very well written and concise about pancreatic cancer. We have cited this article in the text (P11, L5; P14, L10; P20, L8-10).

Reviewer 2 (No. 68107)

Comment: No.

Response: Thank you for your review on our manuscript.
