COMMENTS TO AUTHORS

The manuscript entitled "Perinatal transmission in Infants of mothers with chronic Hepatitis B in California" by Burgis et al is well written and well presented. In the discussion section please add couple of articles from US and other parts of world on HBV perinatal transmission and compare with your study. Please check if there is any different in HBV perinatal transmission in US and developing countries where proper record of HBV vaccination in not maintained or facilities are not available, resulting in high HBV perinatal transmission. Just add 4-5 references. The article accepted for publication after minor revision.
