Biostatistics Review Certificate:

I am writing to confirm that I have reviewed the statistical analyses performed in the manuscript by Mouzan et al., *Fungal dysbiosis predicts the diagnosis of pediatric Crohn's disease* to be published in the World Journal of Gastroenterology.

All conclusions have significant statistical support, and the estimates of statistical significance were performed using appropriate methods, which are commonly used in the field.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Korolev", with a stylized flourish at the end.

Kirill S. Korolev, PhD

Assistant Professor of Physics & Bioinformatics
Boston University
