ABOUT COVER

Peer Reviewer of *World Journal of Cardiology*, Ramachandra Barik, DNB, MD, Full Professor, Department of Cardiology, All India Institute of Medical Sciences, Bhubaneswar 751019, Odisha, India.
cardioramachandra@gmail.com

AIMS AND SCOPE

The primary aim of *World Journal of Cardiology* (WJC, *World J Cardiol*) is to provide scholars and readers from various fields of cardiology with a platform to publish high-quality basic and clinical research articles and communicate their research findings online.

WJC mainly publishes articles reporting research results and findings obtained in the field of cardiology and covering a wide range of topics including acute coronary syndromes, aneurysm, angina, arrhythmias, atherosclerosis, atrial fibrillation, cardiomyopathy, congenital heart disease, coronary artery disease, heart failure, hypertension, imaging, infection, myocardial infarction, pathology, peripheral vessels, public health, Raynaud's syndrome, stroke, thrombosis, and valvular disease.

INDEXING/ABSTRACTING

The WJC is now abstracted and indexed in Emerging Sources Citation Index (Web of Science), PubMed, PubMed Central, Scopus, Reference Citation Analysis, China Science and Technology Journal Database, and Superstar Journals Database. The 2023 Edition of Journal Citation Reports® cites the 2022 impact factor (IF) for WJC as 1.9; IF without journal self cites: 1.8; 5-year IF: 2.3; Journal Citation Indicator: 0.33. The WJC's CiteScore for 2022 is 1.9 and Scopus CiteScore rank 2022: Cardiology and cardiovascular medicine is 226/354.

Abstract

This is an erratum to an already published paper named "Establishment of a prediction model for prehospital return of spontaneous circulation in out-of-hospital patients with cardiac arrest". We found errors in the affiliated institution of the authors. We apologize for our unintentional mistake. Please note, these changes do not affect our results.

Key Words: Cardiac arrest; Cardiopulmonary resuscitation; Recovery spontaneous circulation; Logistic regression analysis; Predictive model

TO THE EDITOR

This is an erratum to an already published paper[1]. We found errors in the affiliated institution of the authors.

We apologize for our unintentional mistake. Please note, these changes do not affect our results. The correction information is as follows: The affiliated institution of the authors.

Jing-Jing Wang, Zhen-Hua Huang, Yong Han, Zhong-Qing Chen, Xiao-Yong Xiao, Zhe Deng, Department of Emergency Medicine, Shenzhen Second People's Hospital/The First Affiliated Hospital of Shenzhen University Health Science Center, Shenzhen 518035, Guangdong Province, China.

Qiang Zhou, Chong-Zhen Qin, Shenzhen Emergency Medical Center, Shenzhen 518043, Guangdong Province, China.

Co-first authors: Jing-Jing Wang and Qiang Zhou.

FOOTNOTES

Co-first authors: Jing-Jing Wang and Qiang Zhou.

Author contributions: Wang JJ and Zhou Q wrote this correction manuscript; Wang JJ, Zhou Q, Huang ZH, Han Y, Qin CZ, Chen ZQ, Xiao XY, and Deng Z read and approved this correction manuscript.

Conflict-of-interest statement: All the authors report no relevant conflicts of interest for this article.

Open-Access: This article is an open-access article that was selected by an in-house editor and fully peer-reviewed by external reviewers.
