### Review of health risks of low testosterone and testosterone administration

Huanguang Jia, Charles T Sullivan, Sean C McCoy, Joshua F Yarrow,  
Matthew Morrow, Stephen E Borst

### Abstract

Hypogonadism is prevalent <sup>1</sup>in older men and testosterone replacement therapy (TRT) for older hypogonadal men is a promising therapy. However, a number of important clinical concerns over TRT safety remain unsolved <sup>9</sup>due to a lack of large-scale randomized clinical trials <sup>8</sup>directly comparing the health
