A rare case of cryptogenic brain abscess caused by *Raoultella Ornithinolytica* Luongo

M. Brain abscess caused by *Raoultella Ornithinolytica*

Marianna Luongo

### Abstract

Cerebral abscess is a potentially fatal neurosurgical condition, despite improvements in technologies, new antimicrobial agents and modern neurosurgical instruments and techniques. I report the case of 64 year old female, affected by a right frontobasal brain abscess, compressing the homolateral frontal horn of lateral ventricle, with a second mass
