Manuscript Type: Case Report

⁹ Serum matrix metalloproteinase 3 in detecting remitting seronegative symmetrical synovitis with pitting edema syndrome: A case report

Kenzaka T *et al.* Serum MMP-3 for RS3PE

Tsuneaki Kenzaka, Ken Goda

² Abstract

We report a case of remitting seronegative symmetrical synovitis with pitting edema

Remitting Seronegative Symmetrical Synovitis with Pitting Edema (RS3PE) is a rare clinical entity that is easily missed due to lack of knowledge. It was formerly considered ... pain and swelling.[3] Also, the above criteria have been challenged by various studies and case reports and have added newer aspects to this entity.
