Adult duodenal intussusception associated with congenital ...

www.ncbi.nlm.nih.gov › ... › v.13(28); 2007 Jul 28

Jul 28, 2007 - Abstract. **Duodeno-duodenal intussusception** is exceptionally rare because the retroperitoneal situation fixes the **duodenal** wall. The aim of this **report** is to describe the first published **case** of this condition. A patient with **duodeno-duodenal intussusception secondary** to an **ampullary** lesion is **reported**.
