**Multidisciplinary approach to suspected sudden unexpected infant death caused by milk-aspiration: A case report**

Aniello Maiese, Raffaele La Russa, Mauro Arcangeli, Gianpietro Volonnino, Alessandra De Matteis, Paola Frati, Vittorio Fineschi

## Abstract

### BACKGROUND

The term sudden unexpected infant death (SUID) is not always properly invoked. It refers to a broad range of conditions that sometimes defy classification. There is not only a strong emotional impact on the family, but such cases are also quite complex. Underlying causes
