## Chiropractic spinal manipulative treatment of cervicogenic ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3259942>

The purpose of this case report is to present the response of a patient with chronic nonresponsive cervicogenic dizziness to chiropractic care. Several case series studies have previously successfully investigated the effect of SMT for patients who experience cervicogenic dizziness, 8,11-13,18-20 ...

## UpToDate

<https://www.uptodate.com/contents/cervicogenic-headache>

Nevertheless, there has been debate regarding the existence of cervicogenic headache as a distinct clinical disorder, as well as its underlying pathophysiology and source of pain. This topic will review the definition, etiology, diagnosis, and treatment of cervicogenic headache. ETIOLOGY AND ANATOMY

## Clinical Evaluation of Cervicogenic Headache: A Clinical ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC2565113>

Characteristics of CGH according to the Cervicogenic Headache International Study Group 23, 29 are shown in Table 1. 1. Unfortunately, a number of headache characteristics are shared between the common headache forms and CGH, except for the presence of non-throbbing pain that usually starts in the neck, with episodes of varying duration 23.

**Frontline and Manual Therapies**

An Osteopathic Approach

Conclusion

Pharmacological management of cervicogenic headache typically involves utilization of: 1. antidepressants (specifically, tricyclic, selective serotonin, and norepinephrine reuptake inhibitors) 2. anti-epileptic medications (eg, gabapentin, pregabalin, divalproex sodium, topiramate, carbamazepine) 3. NSAIDs 4. acetaminophen 5. muscle relaxers 6. topical agents (local anesthetic and other agents).<sup>15</sup> Additional treatment modalities may includ...
