## Colon cleansing efficacy and safety with 1 L NER1006 ...

<https://pubmed.ncbi.nlm.nih.gov/30025415>

Background: Polyethylene glycol (PEG) bowel preparations are widely used for precolonoscopy bowel cleansing. This phase 3 trial assessed the efficacy, safety, and tolerability of the novel 1 L PEG-based NER1006 vs. sodium picosulfate plus magnesium citrate (SP + MC) in day-before dosing.
