[\[PDF\] Dura sac compression due to spinal epidural gas ...](#)

<https://bmcmusculoskeletdisord.biomedcentral.com...>

Background: Intraspinal gas pseudocyst is rare, especially following spinal surgery. Here we present a case of spinal epidural gas pseudocyst following lumbar decompression surgery, which caused dura sac compression. Case presentation: A 52-years-old woman with chronic lumbar pain and radiating numbness of left leg was
