

Name of journal: *World Journal of Gastroenterology*

ESPS Manuscript NO: 13374

Columns: ORIGINAL ARTICLE

Prospective Study

**Preparation of magnetic resonance probes using one-pot method for
detection of hepatocellular carcinoma**

Li YW *et al.* Preparation of MR Probes for HCC

You-Wei Li, Zheng-Guang Chen, Zhou-She Zhao, Hong-Li Li, Ji-Chen Wang,
Zong-Ming Zhang

You-Wei Li, Department of Radiology, Beijing Chuiyangliu Hospital
Affiliated to School of Medicine, Tsinghua University. Beijing 100022, China

Match Overview

1	CrossCheck 337 words Zhang, Zongming. "Preparation and in vitro studies of MRI-specific superparamagnetic iron oxide antiGPC3 probe for ..."	5%
2	Internet 36 words crawled on 01-Apr-2009 www.stanford.edu	1%
3	CrossCheck 34 words G HERMANSON. "Microparticles and Nanoparticles", Bioc onjugate Techniques, 2008	1%
4	CrossCheck 32 words Li, Y.. "Differential diagnosis between malignant and benign hepatic tumors using apparent diffusion coefficient on 1 ..."	1%
5	Publications 20 words Fei Li. "Comparative identification of Ca ²⁺ channel expression in INS-1 and rat pancreatic β cells", World Journal of Gastroenterology	<1%
6	CrossCheck 19 words Miao, Peng, Yaxian Kong, Yaluan Ma, Hui Zeng, and Zhen gya Yu. "Hypothermia predicts the prognosis in colon asc ..."	<1%
7	CrossCheck 18 words A Bumb. "Preparation and characterization of a magnetic resonance and optical dual-modality molecular probe", Nanotechnology	<1%
8	CrossCheck 16 words Ren-Yen Lin. "Targeted RGD nanoparticles for highly sensitive in vivo integrin receptor imaging : IN VIVO INTEGRIN ..."	<1%
9	Internet 14 words crawled on 26-May-2013 www.wjgnet.com	<1%
