## Adjuvant or palliative chemotherapy for colorectal cancer in patients 70 years or older

RA Popescu, A Norman, PJ Ross... - Journal of Clinical ..., 1999 - jco.ascopubs.org

PURPOSE: The surgical treatment of colorectal cancer (CRC) in elderly patients (age 70 years or older) has improved, but data on adjuvant and palliative chemotherapy tolerability and benefits in this growing population remain scarce. Elderly patients are ...

## A pooled analysis of adjuvant chemotherapy for resected colon cancer in elderly patients

DJ Sargent, RM Goldberg, SD Jacobson... - ... England Journal of ..., 2001 - Mass Medical Soc

Background Adjuvant chemotherapy is standard treatment for patients with resected colon cancer who are at high risk for recurrence, but the efficacy and toxicity of such treatment in patients more than 70 years of age are controversial.
