[HTML] Apolipoprotein E interacts with **hepatitis C virus** nonstructural protein 5A and determines assembly of infectious particles

[HTML] from wiley.com

..., MB Zeisel, M Parnot, J Lupberger, E **Hildt**... - ..., 2010 - Wiley Online Library

Abstract Chronic **hepatitis C virus** (HCV) infection is a major cause of liver disease worldwide. Restriction of HCV infection to human hepatocytes suggests that liver-specific host factors play a role in the **viral** life cycle. Using a yeast-two-hybrid system, we identified **...**

Hepatitis C virus infection sensitizes human hepatocytes to TRAIL-induced apoptosis in a caspase 9-dependent manner

[HTML] from jimmunol.org

L Lan, S Gorke, SJ Rau, MB Zeisel, E **Hildt**... - The Journal of ..., 2008 - Am Assoc Immnol

Abstract Apoptosis of infected cells represents a key host defense mechanism against **viral** infections. The impact of apoptosis on the elimination of **hepatitis C virus** (HCV)-infected cells is poorly understood. The TRAIL has been implicated in the death of liver cells in **...**

The PreS2 activator MHBst of **hepatitis** B **virus** activates **c** − raf − 1/Erk2 signaling in transgenic mice

[HTML] from nih.gov

E **Hildt**, B Munz, G Saher, K Reifenberg... - The EMBO ..., 2002 - emboj.embopress.org

Abstract The large **hepatitis** B **virus** (HBV) surface protein (LHBs) and C − terminally truncated middle size surface proteins (MHBs t) form the family of the PreS2 activator proteins of HBV. Their transcriptional activator function is based on the cytoplasmic orientation of the PreS2 **...**

The **hepatitis C virus** non-structural NS5A protein impairs both the innate and adaptive hepatic immune response in vivo

[HTML] from jbc.org

..., M Bruns, L Frelin, G Ahlén, M Sällberg, E **Hildt** - Journal of Biological ..., 2009 - ASBMB

Abstract The role of **hepatitis C virus** (HCV) protein non-structural (NS) 5A in HCV-
