Sentinel lymph node navigation surgery for gastric cancer: Does it really benefit the patient?

Tani T *et al.* SLNS for GC

Tohru Tani, Hiromichi Sonoda, and Masaji Tani

Abstract

³ Sentinel lymph node (SLN) navigation surgery is accepted as a standard treatment procedure for malignant melanoma and breast cancer. However, the benefit of reduced lymphadenectomy based on SLN examination remains unclear in cases of gastric cancer. Here, we review previous
