[Delayed diagnosis of alpha-1 antitrypsin deficiency].

[P Rodríguez, A Puga, MT García-Sanz...](#) - [Anales del sistema ...](#), 2010 - europepmc.org

Alpha-1 antitrypsin deficiency (AAT-D) is a genetic disease, relatively common in populations of European ancestry. AAT-D remains undiagnosed in many patients, and there are often long delays between the onset of respiratory symptoms and diagnosis. AAT-D ...
