How important is donor age in liver transplantation?

 Lué A *et al.* Donor age and liver transplantation

 Alberto Lué, Estela Solanas, Pedro Baptista, Sara Lorente, Juan J Araiz,  
 Agustin Garcia-Gil, M Trinidad Serrano

### Abstract

The age of liver donors has been increasing in the past several years because of a donor shortage. In the United States, 33% of donors are age 50 years or older, as are more than 50% in some European countries. The impact of donor age on
