Chao CY *et al.* Review of co-existent NAFLD and IBD

Che-Yung Chao, Robert Battat, Alex Al Khoury, Sophie Restellini, Giada Sebastiani, Talat Bessissow

Abstract

Emerging data have highlighted the co-existence of non-alcoholic fatty liver disease and inflammatory bowel disease; both of which are increasingly prevalent disorders with significant complications and impact on future health burden. Cross-section observational studies have shown widely variable prevalence rates of co-existing
