Double-layered covered stent for the treatment of malignant oesophageal obstructions: Systematic review and meta-analysis

Zeiad Hussain, Athanasios Diamantopoulos, Miltiadis Krokidis, Konstantinos Katsanos

Abstract

AIM: To investigate the efficacy of double-layered covered stent in the treatment of malignant oesophageal obstructions.

METHODS: A systematic review and meta-analysis was performed following the PRISMA process. PubMed (Medline), EMBASE (Excerpta Medical Database), AMED
