Observational Study

Infection does not increase long-term mortality in patients with acute severe alcoholic hepatitis treated with corticosteroids

Ashwin D Dhanda, Ashish Sinha, Vicky Hunt, Sarah Saleem, Matthew E Cramp,
Peter L Collins

Abstract

AIM

To determine whether infection in patients with acute severe alcoholic hepatitis (AAH) treated with corticosteroids is associated with increased mortality.

METHODS

Match Overview

1

Crossref 20 words

"Posters Thursday, 14 April 2016", Journal of Hepatology, 2016.
