Basic Study

Liver structural transformation after partial hepatectomy and repeated partial hepatectomy in rats: a renewed view on liver regeneration based on the morphometry and SEM of corrosion casts

Keti Tsomaia, Leila Patarashvili, Nino Karumidze, Irakli Bebiashvili, Elza Azmaipharashvili, Irina Modebadze, Diana Dzidziguri, Marom Sareli, Sergey Gusev, Dimitri Kordzaia

Abstract

BACKGROUND

The phenomenon of liver regeneration after partial hepatectomy (PH) is still a subject of considerable interest due to the increasing frequency of half liver transplan-

[Immunohistochemical analysis of hepatic ganglioside ...](https://www.researchgate.net/publication/5813026...)

<https://www.researchgate.net/publication/5813026...>

The aim of the present study was to assess the influence of hyperbaric oxygenation (HBO) on rat **liver regeneration** before and **after partial hepatectomy**. **Rats** were sacrificed 54 h **after 15%** ...

[\[Gene transfer as treatment for metabolic inherited liver ...](https://www.researchgate.net/publication/8982830...)

<https://www.researchgate.net/publication/8982830...>

Liver regeneration was recognized as a spectacular example of controlled tissue growth ever since the gods of ancient Greece condemned Prometheus to be subjected to daily **partial hepatectomy** by a ...

[Polyploidy and liver proliferation | Request PDF](https://www.researchgate.net/publication/51510629...)

<https://www.researchgate.net/publication/51510629...>

Liver regeneration after partial hepatectomy has been studied extensively since the 19th century, establishing the long-standing model that hepatocytes, which account for most of the **liver weight** ...

[\(PDF\) Erratum: Transcription Profiles of Marker Genes ...](https://www.researchgate.net/publication/280327147...)

<https://www.researchgate.net/publication/280327147...>

To investigate the transdifferentiation relationship between eight types of **liver cell** during rat **liver regeneration** (LR). 114 healthy Sprague-Dawley (SD) **rats** were used in this experimental study.
