We evaluated the expression and diagnostic value of human epididymis protein 4 (HE4) in small cell lung cancer (SCLC). Serum HE4 level was measured in serum samples from 30 healthy controls and 49 patients with SCLC using enzyme-linked immunosorbent assay. HE4 expression ...

2014-4-15 · We evaluated the expression and diagnostic value of human epididymis protein 4 (HE4) in small cell lung cancer (SCLC). Serum HE4 level was measured in serum samples from 30 healthy controls and 49 patients with SCLC using enzyme-linked immunosorbent assay. HE4 expression in tumor tissues was analyzed by immunohistochemical staining. The results show that serum HE4 level is ...
