## Endoscopic Disease Activity in Inflammatory Bowel Disease

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4674531>

Dec 09, 2015 - **Endoscopic** scoring systems of disease activity in inflammatory bowel disease (IBD) have a pivotal role in assessment and management. Scoring systems aim to interpret the **endoscopic** disease appearance and translate this into a quantified score, which introduces standardization and should reduce inter- (and intra-) observer variability.
