Endoscopic Management of Rectal Dieulafoy's Lesion: A Case ...

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4130895>

Rectal Dieulafoy's lesion (DL) is rare **cause** of lower **gastrointestinal bleeding**. Because of its rarity, there is no consensus on the optimal **endoscopic** hemostasis technique for **rectal DL**. We analyzed six patients who underwent **endoscopic management** for **rectal DL** after presenting with hematochezia at a single institute over 10 years.
