#### Abstract

**Aim:** To investigate hepatitis C virus (HCV) testing recommendations from the United States and other high-income countries.

**Methods:** A comprehensive search for current HCV testing recommendations from the top quartile of United Nations Human Development Index (HDI) countries (very high HDI) was performed using Google and reviewed from May 1-October 30, 2014 and re-reviewed April 1-October 2, 2017.
