Manuscript Type: SYSTEMATIC REVIEW

Acute liver failure secondary to severe systemic disease from fatal hemophagocytic lymphohistiocytosis: Case report and systematic literature review

Mitchell S Cappell, Ismail Hader, Mitual Amin

Abstract

AIM: To systematically review liver disease associated with hemophagocytic lymphohistiocytosis (HLH), propose reasonable criteria for liver transplantation for liver failure in HLH, and report an illustrative case.

METHODS: Systematic review according to PRISMA guidelines of hepatic manifestations of HLH using computerized literature search via PubMed of articles published since 1980 with keywords ("hemophagocytic lymphohistiocytosis" or "HLH") AND ("liver" or "hepatic"). Two authors independently performed literature
