Hepatocellular Carcinoma in Asia: Prevention strategy and Planning

Sara Ashtari, Mohamad Amin Pourhoseingholi, Afsaneh Sharifian, Mohamad Reza Zali

Abstract

AIM: To review all of epidemiological and etiological aspects of Hepatocellular carcinoma and examined the prevention of this disease in Asia.

METHODS: We conducted a systematic review according to the PRISMA guidelines. We were chosen articles that published previously, from PubMed (Medline), the Cochrane database and Scopus. The key words used in this research were as follows: Hepatocellular carcinoma in Asia and the way of prevention of this disease, with no
