Management of Refractory Ascites in Cirrhosis: Are we out of Date?

Alagappan Annamalai, Lauren Wisdom, Tsuyoshi Todo, Megan Herada, Mazen Nourredin, Irene Kim, Vinay Sundaram, Walid Ayoub, Tram Tran, Nicholas Nissen, Andrew Klein

Abstract

Cirrhosis is a major cause of morbidity and mortality worldwide with liver transplantations as it only possible cure. In the face of a significant organ shortage many patients die waiting. A major complication of cirrhosis is the development of
