Role of nitric oxide ¹ in the pathogenesis of Barrett's-associated carcinogenesis

Gen Kusaka, Kaname Uno, Katsunori Iijima, Tooru Shimosegawa

Abstract

²⁷ Barrett's esophagus (BE), a premalignant condition to Barrett's adenocarcinoma (BAC), is closely associated with chronic inflammation due to gastro-oesophageal reflux. ¹ *Caudal-type homeobox 2 (CDX2)*, a representative

Nitric oxide-mediated invasion in Barrett's high ... - Carcinogenesis

carcin.oxfordjournals.org/content/31/9/1669.full

27 Jun 2010 ... Nitric oxide (NO) has been shown to induce double strand DNA breaks in Barrett's ... Furthermore, ex vivo treatment of Barrett's biopsy samples with NO induced ... Thus, NO may play a role in Barrett's carcinogenesis through cell lines was increased following treatment with NO and was associated with....

[PDF] Nitric oxide-mediated invasion in Barrett's high ... - Carcinogenesis

carcin.oxfordjournals.org/content/31/9/1669.full.pdf

27 Jun 2010 ... Nitric oxide (NO) has been shown to induce double strand DNA breaks in Barrett's ... Furthermore, ex vivo treatment of Barrett's biopsy samples with NO ... a role in Barrett's carcinogenesis through deregulating MMP and TIMP (29,38) and in colorectal AC lines NO treatment is associated with an invasive....

Mechanisms of Disease: Carcinogenesis in Barrett's Esophagus

www.medscape.com/viewarticle/495345

The pathogenesis of cancer in Barrett's esophagus is multifactorial. ... Various risk factors associated with carcinogenesis in Barrett's esophagus are ... as well as nitric oxide by oral and gastric flora may also have an important role in cancer....

Involvement of luminal nitric oxide in the pathogenesis of the ...

www.researchgate.net/publication/262644398_Involvement_of_luminal_nitric_oxide_i
