**Coeliac disease in the modern era: severity of Small Bowel Mucosal Injury at Diagnosis with Analysis of Clinical Correlates and Rate of Improvement on a Gluten Free Diet**

Oliver Cronin, Emma Flanagan, Damian Dowling

**Abstract**

**AIM**

To analyse the relationships between pre-diagnosis coeliac serology, duodenal histopathology, primary presenting symptoms, coeliac-related comorbidity and response to treatment in a modern cohort with new diagnosis of coeliac disease (CD).

**Match Overview**
