**Manuscript Type:** SYSTEMATIC REVIEW

**Undiscovered pathology of transient scaffolding remains a driver of failures in clinical trials**

Alexander N Kharlamov

## Abstract

### AIM

To statistically examine the released clinical trials and meta-analyses of polymeric bioresorbable scaffolds resuming the main accomplishments in the field with a translation to the routine clinical practice.

### METHODS

## Match Overview

1	Internet 120 words crawled on 28-Jul-2013 <a href="http://www.postershop.co.uk">www.postershop.co.uk</a>	1%
