Healthcare delivery interventions to reduce cancer disparities worldwide

Dickerson JC *et al.* Interventions to reduce global cancer disparities

James C Dickerson, Meera V Ragavan, Divya A Parikh, Manali I Patel

Abstract

Globally, cancer care delivery is marked by inequalities, where some *economic*, *demographic*, and *sociocultural* groups have worse outcomes than others. In this review, we sought to identify patient-facing interventions designed to reduce disparities in cancer care in both high- and low-income countries. We found two broad categories of interventions that have been studied in the current literature: patient navigation and
