Long-Term Results of the Treatment of Persons with ...

<https://ashpublications.org/blood/article/136...>

Nov 05, 2020 · Hodgkin's lymphoma (HL) is the model of curative care with radiation therapy, combination chemotherapy, staging approaches, peripheral blood stem cell transplantation, and immunotherapy. However, the value of the novel anti cancer drugs has been recently analyzed and questioned in view of the results in the real improvement of overall survival (OS).
