## Traumatic Retrolisthesis of L5 and L5/S1 Extruded Disc ...

[www.ncbi.nlm.nih.gov](http://www.ncbi.nlm.nih.gov) › ... › [Bull Emerg Trauma](#) › v.4(3); 2016 Jul

**Case report.** Bowel and bladder functions were normal. Deep tendon reflexes were also normal except for right Achilles tendon that had hyporeflexia. **Lumbosacral CT scan** confirmed the diagnosis of L5 fracture and retrolisthesis of L5 on S1 and L5/S1 facet joints widening. There was also a mass like effect in the **spinal canal** behind the body of S1...

## Resorbable Polylactic Acid Interbody Spacers with ...

[journals.lww.com](http://journals.lww.com) › Home › July 2005 - Volume 57 - Issue 1

**OBJECTIVE:** Resorbable polylactic acid spinal implants have recently become commercially available. These **spacers** carry the advantages of allowing for clear visualization of new bone growth, eliminating the risk of pathogen transmission, and providing for consistent biomechanical quality. However ...
