Orthopaedic care provided by the 14th combat support hospital in support of humanitarian and disaster relief after hurricane maria in puerto rico

Lanham N *et al.* Orthopaedics in Humanitarian and Disaster Relief

Nathan Lanham, Kyle Bockelman, Fernando Lopez, Mark Serra, Bradford Scanlan

Abstract

On September 20, 2017 Hurricane Maria, a category 4 hurricane, made landfall on the eastern coast of Puerto Rico. This was preceded by Hurricane Irma, a category 5 hurricane, which passed just off the coast 13 d prior. The destruction from both Hurricane Irma and Maria precipitated a coordinated federal response which included the Federal
