1 **Bennett's fracture associated with fracture of Trapezium - a rare injury of first carpo-metacarpal joint**

Tarun Goyal

Abstract

Association of fracture of trapezium with Bennett's fracture is very rare and makes reduction and stabilisation more difficult. We are reporting a rare case of Bennett's fracture with fracture of the trapezium and subluxation of the CMC joint.

The patient was a 47-year-old school teacher who fell from his motorbike on his
