Ovarian simple cysts in asymptomatic postmenopausal women detected at transvaginal ultrasound: A review of literature

Juan Luis Alcazar, Naroa Martinez, Leire Juez, Maria Caparros, Ana Salas, Tania Errasti

Abstract

AIM: To answer some questions related to the problem of ovarian simple cysts in asymptomatic postmenopausal women.

METHODS: A literature search and systematic review using MEDLINE (PubMed) database from 1980 to 2014 was performed using the following
