**Sensation/novelty seeking in psychotic disorders: a review of the literature**

**Running title: Sensation/novelty seeking in psychosis**

Vaios Peritogiannis

### Abstract

The evaluation of personality traits is important for the better understanding of the person suffering from psychosis and for treatment individualization. However literature on patients' personality and character in such disorders is limited. The <sup>29</sup>aim of this review was to summarize the literature on sensation/novelty seeking (SNS), a trait which is biologically based and
