White matter alterations in anorexia nervosa: <sup>8</sup> A systematic review of diffusion tensor imaging studies

Beatriz Martin Monzon, Phillipa Hay, Nasim Foroughi, Stephen Touyz

### Abstract

**AIM:** The present systematic review aims to identify findings concerning white matter (WM) fibre microstructural alterations in Anorexia Nervosa.

**METHODS:** A systematic electronic search was undertaken in several databases up to April 2015. The search strategy aimed to locate all studies published in English or Spanish that included participants with anorexia nervosa and which investigated
