Infections After Bone Marrow Transplantation - Medscape Reference

emedicine.medscape.com/article/1013470-overview

7 Apr 2015 ... Patients undergoing bone marrow transplantation (BMT) are at risk for ... higher rates of graft rejection, cytomegalovirus (CMV) infection,....

Cytomegalovirus in Hematopoietic Stem Cell Transplant Recipients

www.ncbi.nlm.nih.gov/pmc/articles/PMC3340426/

After hematopoietic stem cell transplantation (HSCT), CMV-specific CD4+ After transplantation, a patient with documented pretransplant CMV disease should....

CMV infections after hematopoietic stem cell transplantation - Nature

www.nature.com/articles/bmt2008120

Seronegative patients with seropositive stem cell donors develop primary CMV infection in about 30% and have an increased mortality in bacterial and fungal....

How we treat cytomegalovirus in hematopoietic cell transplant ...

www.bloodjournal.org/content/113/23/5711

4 Jun 2009 ... It can cause multiorgan disease in recipients of stem cell transplants, including Prevention of CMV infection in CMV-seropositive patients....

Complications, Diagnosis, Management, and Prevention of CMV ...

asheducationbook.hematologylibrary.org/content/2011/1/305.full

10 Dec 2011 ... Prevention of CMV via blood products and the stem cell product Patients with a CMV infection developing close to a planned allogeneic HCT have an increased risk of mortality Bone Marrow Transplant 46:408-415.

Control of Cytomegalovirus in Bone Marrow Transplantation ...

jvi.asm.org/content/72/10/7733.full

Bone marrow (BM) transplantation (BMT) as a therapy of hematological ... accidentally resulted in an increased incidence of CMV infections in BMT patients (14).

Monitoring Cytomegalovirus Infection in Adult and Pediatric Bone ...

jcm.asm.org/content/41/5/2040.full

Human cytomegalovirus (CMV) infection is frequent after bone marrow Patients. Fifty consecutive allogeneic bone marrow transplants recipients were enrolled....
