**Tuberculosis in kidney transplant recipients: Case series and review of the literature**

Anand M *et al.* TB in kidney transplant recipients

Manish Anand, Beatrice Concepcion, Ekta Nayyar, Megha Salani, Heidi Schaefer

**Abstract**

Solid organ transplant recipients have an elevated risk of tuberculosis (TB) with high mortality. Data about TB in this population in the United States is sparse. We present four cases of active tuberculosis in kidney transplant recipients at our center. All patients had possible TB exposure prior to
