## Match Overview

**Name of Journal:** *World Journal of Nephrology*

**ESPS Manuscript NO:** 30761

**Manuscript Type:** Letters to the Editor

**FGF23 and inflammation**

**Usama AA Sharaf El Din, Mona M Salem, Dina O Abdulazim**

**Abstract**

Systemic inflammation is a recognized feature in CKD. The role of systemic inflammation in the pathogenesis of vascular calcification was recently settled. FGF23 was recently accused as a direct stimulus of systemic inflammation. This finding explains the strong association of FGF23 to vascular calcification and increased mortality among CKD.
