ESPS Manuscript NO: 28922

Title: The antioxidant effects of aqueous extract of Salep on Paraquat-induced rat liver injury

All procedures involving animals were carried out in accordance with the Home Office Animals (Scientific Procedures) Act 1986 and the Jahrom University of medical sciences' Animal Welfare and Ethical Committee. Experiments were performed on Adult male Wistar rats (180-200 g, University of Jahrom). Animals were maintained at 22 °C on a 12 h light and dark cycle with ad libitum access to food and water. The animal protocol was designed to minimize pain or discomfort to the animal.
