

# Certificate of Biostatistics

07 Oct 2022

To whom it may concern

Title of Study: Efficacy of incremental loads of cow's milk as a treatment of lactose malabsorption in Japan

This letter is to prove that I read the plan for this study and performed a statistical analysis using appropriate statistical methods based on the data obtained for the endpoints specified in the plan.

Please contact me if you have any queries.

Sincerely,

Naoto Minagawa, Chief Researcher, Research & Development Department, HuBit genomix, Inc.
